Hamburger's—Second Floor—Today

Practical  
Frocks

For Wee Girls of 2

Years—  
The newest spring models for  
the girls in the becoming high  
effects.

Made of serviceable  
hams and chambrays with  
little touches of stroking  
hand work to make them  
neat and girlish. The  
shades of blue, pink, rose  
and green are here—  
3.95.

Brother's  
Suit, 3.95!

little brother  
is not forgot-  
piece suits in  
le or one-piece  
style in blue,  
te and tan, are  
specially for him.  
s of these prac-  
s are poplins  
ray. They are  
Second Floor—Today

Connoisseurs  
of Coffee Prefer  
Newmark's be-  
cause it is a deli-  
cious blend of the  
finest Coffee  
grown any-  
where.

and it never  
varies.

# Disinfection is Insurance Against Contagious Disease

The day when the danger of disease germs is fully recognized, and universal disinfection is practiced, will be the day that marks the end of epidemics. Thousands of men and women are taking precautions now that seemed unnecessary to them before the influenza epidemic awakened them to a realization of what disease germs can do when unchecked.

Each case of contagious sickness can be traced to carelessness somewhere. Grippa, diphtheria, influenza, typhoid—all start in some unclean spot where germ life has been permitted to breed.

**Lysol Disinfectant**

At the moment of application, Lysol Disinfectant exterminates all germ life. In the office: Have Lysol Disinfectant sprinkled regularly in toilet-rooms, dark corners, cupboards. Have Lysol Disinfectant used in all scrubbing water.

At home: Have Lysol Disinfectant sprinkled in sinks, drains, toilets, dark corners. A 50c bottle makes five gallons of powerful disinfectant; a 25c bottle makes two gallons.

Remember, there is but one genuine Lysol Disinfectant—made, bottled, signed, and sealed by Loh & Fink, Inc.

**Lysol Toilet Soap**  
No Cakes

**Lysol Shaving Cream**  
in Tubes

Contains the necessary proportion of the antiseptic ingredients of Lysol Disinfectant to kill germs on razor and shaving brush (where germs abound) and to guard the tiny skin from infection and give an antiseptic lather. If your dealer hasn't it, ask him to order a supply for you.

Me! Try Dodson's Liver Tone!

Calomel Harms Liver and Bowels

My guarantee! Live your liver and bowels get straightened up without taking sickening calomel. Don't lose a day's work!

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.—(Advertisement)

# NEW PRESIDENT RULES IN FRANCE

Paul Deschanel Inaugurated at Elysee Palace.

Few Permitted to Witness the Formal Ceremonial.

American Music Played at the Reception of State.

[BY CABLE AND ASSOCIATED PRESS.]

PARIS, Feb. 18.—(Paul Deschanel today became tenth President of the French republic, succeeding Raymond Poincare, who laid aside the robes of office after one of the most critical periods in the history of the country. The formal transfer from the old to the new regime occurred at the Palace of the Elysee this afternoon.

The inauguration of the French President is a formal ceremony, and the number permitted to witness the transfer of authority is limited to the presidents of the Senate and the Chamber of Deputies, committee members from each House and members of the Cabinet.

Premier Millerand, shortly before the hour set for the ceremony, drove to the Palais Bourbon, where, as president of the chamber, M. Deschanel had maintained his residence, and called for the President-elect. Entering a state carriage, and escorted by a regiment of cuirassiers and preceded by a flag-bearer, they drove to the palace, where the ceremony was to take place.

CHEERED BY CROWDS.

While the crowds massed along the route on both banks of the Seine were cheering M. Deschanel as he passed with escort, the members of the Cabinet and the officials of the Senate and the chamber assembled around M. Poincare in the palace to erect the new President. With the arrival of M. Deschanel at the Elysee the formal transfer of power took place. On the conclusion of the formality, President Deschanel and Ex-President Poincare were driven through the crowded streets to the City Hall, where they were received by the president of the municipal council, the prefect of the Department of the Seine and the president of the general council.

At the ceremony there was a felicitous exchange of views between Deschanel and the retiring President, M. Poincare, who, greeting his successor, said the President could not be intrusted to a better man than he who had held such a brilliant place in the Parliament and who would know how to fill the role of an impartial umpire and adviser. The new President, said M. Poincare, would be able to rely on the co-operation of the Frenchmen and he expressed confidence that the striking personal merits of M. Deschanel and his ardent patriotism would inspire the country.

President Deschanel, in replying, thanked the retiring President, remarking that to fulfill his duty he would only have to follow the worthy example of his predecessor, who had represented France with admirable patriotism during the tragic times of the last few years. Greetings were extended to the President and the retiring President, and a formal reception followed, in which Paris society was liberally represented. It was noted that the band at this function played a number of American airs.

POINCARÉ HONORED.

During the reception at the City Hall President Deschanel had on his right M. Poincare and M. Fallieres, and on his left former President Loubet. After the reception M. Deschanel, after taking M. Poincare to the latter's new home, went to the Elysee Palace.

President Deschanel will retain the entire military staff at the Elysee appointed by M. Poincare, with Gen. Fenech in charge. M. Heremite has been appointed chief of the civil cabinet.

A sweeping grant of amnesty will be granted by President Deschanel. Civil and military offenders will be included, the only exceptions being persons convicted of treason against the state.

Raymond Poincare, who today retired from the Presidency of the French republic, may succeed Charles C. A. Jonnart as president of the French delegation on the reparations commission.

**THREE JAP LAND FIRMS WANT TO INCORPORATE.**

[EXCLUSIVE DISPATCH.]

SACRAMENTO, Feb. 18.—Three more Japanese corporations formed for the purpose of buying and leasing farm land in California and having a combined capital stock of \$350,000 have filed articles of incorporation with Secretary of State Jordan.

The companies are: Rose Hill Land Company of Fresno, capital stock \$250,000, directors K. Uyama, E. L. Hendley and Robert Graham; the Malaga Vineyard Company of Fresno, capital stock \$50,000, directors G. N. Mayeda, Charles W. Casebolt and Thomas P. Lopez; Sunny Tract Farming Company of Livingston, Merced county, capital stock \$50,000, directors Toyama, T. Shiono and Y. Yoshida.

**BUY HAMBURG OFFICE FOR GERMAN TRADE.**

[BY A. P. NIGHT WIRE.]

NEW YORK, Feb. 18.—Trade with Germany has been so rapidly that the International Mercantile Marine Company has purchased a building and established offices in Hamburg. It was announced today.

J. J. McGilne is in charge of the Hamburg office. The company's passenger steamers Mongolia and Manchuria, now in the New York-Hamburg service, have been supplemented by a fleet of twelve Shipping Board freight steamers.

**COL KELLY NOMINATED FOR STATE DEBRIS JOB.**

[BY A. P. DAY WIRE.]

WASHINGTON, Feb. 18.—William A. Kelly of Reno, Nev. was today nominated by President Wilson to be collector of Internal Revenue for the district of Nevada and Col. William Kelly, Engineer Corps, U. S. A., to be a member of the California Debris Commission.

# Love Link in International Romance.

Glady's Szechenyi and Her Father, Count Laszlo Szechenyi.

Declaring that his children bind him in a happy union with his wife, formerly Gladys Vanderbilt, the Count has indignantly denied rumors of his seeking a divorce. The Count is mentioned as Hungary's future ruler.

**COUNTS DELIGHTED AT HUSBAND'S LOYALTY.**

FORMER GLADYS VANDERBILT LONGS FOR REUNION WITH HER TITLED LOVER.

[EXCLUSIVE DISPATCH.]

NEW YORK, Feb. 18.—The Countess Szechenyi, formerly Miss Gladys Vanderbilt, who is with her family here, was delighted today when shown an interview given by her husband to correspondents at Budapest. In the statement he denied point blank the report that he and his wife are estranged and that he is seeking a divorce. He declared that it was impossible for any such condition to exist, as both he and the Countess are devoted to their four children.

"My husband is perfectly right in saying that our children form a bond of union between us which no separation can weaken," said the Countess. "My married life has been happy, every moment of it, and as each little one was added to our family my husband's devotion has increased. I feel, more than anyone can imagine, the strain of being away from him and I hope for a speedy ratification of the treaty so that we may be together again."

The Countess' statement to the effect that they were together in Switzerland until she secured permission to visit America and her husband's statement to the effect that they were together in Hungary a year ago, although she was able to get passports for herself and children, she refused to leave until a passport was granted her husband.

**URGES ENGLISH-JAP TRADE PARTNERSHIP.**

[BY A. P. NIGHT WIRE.]

TORONTO, Feb. 18.—An Anglo-Saxon partnership with Japan, to the end of securing every available opportunity for the upbuilding of trade and commerce along the great highway of the Pacific, was urged by Sir Edmund Walker, president of the Canadian Bank of Commerce, lately returned from the Orient, in an address before the St. Andrew Society.

Declaring he believed Japan would respect her reputation for never having broken a promise, Sir Edmund painted a rosy picture of the advantages that such an understanding would have on the business of America during the next hundred years.

"Japan is the only place in the Orient where east and west are meeting and where there is a desire for attainment of western ideals," he declared.

Sir Edmund deplored the spirit of bitterness, which he said, was noticeable among both American and British merchants toward Japan.

**BUY HAMBURG OFFICE FOR GERMAN TRADE.**

[BY A. P. NIGHT WIRE.]

NEW YORK, Feb. 18.—Trade with Germany has been so rapidly that the International Mercantile Marine Company has purchased a building and established offices in Hamburg. It was announced today.

J. J. McGilne is in charge of the Hamburg office. The company's passenger steamers Mongolia and Manchuria, now in the New York-Hamburg service, have been supplemented by a fleet of twelve Shipping Board freight steamers.

**COL KELLY NOMINATED FOR STATE DEBRIS JOB.**

[BY A. P. DAY WIRE.]

WASHINGTON, Feb. 18.—William A. Kelly of Reno, Nev. was today nominated by President Wilson to be collector of Internal Revenue for the district of Nevada and Col. William Kelly, Engineer Corps, U. S. A., to be a member of the California Debris Commission.

**PROMOTION FOR NAVY COMMANDERS.**

[BY A. P. NIGHT WIRE.]

VALLEJO, Feb. 18.—Orders for four commanders, three stationed in the San Francisco Bay district, and one at Bremerton, to take the examination for promotion to captaincy, were received at Mare Island navy yard today. The officers are: Stanford E. Moore, commanding ship at San Francisco; Henry B. Brice, commanding of the naval training station at Yerba Buena; Milton E. Reed, engineering officer at Mare Island, and John S. Graham, commanding at Bremerton navy yard.

**READ I.W.W. DOCUMENTS IN TRIAL.**

[BY A. P. DAY WIRE.]

STOCKTON, Feb. 18.—The reading of alleged I.W.W. documents introduced by the prosecution occupied most of the time today in the trial of C. F. Bentley, charged with criminal syndicalism.

**A Reliable Cough Remedy.**

It has given Chamberlain's Cough Remedy to my five children on occasion without number for the past fifteen years. It is the only remedy I could rely upon to cure coughs and colds, and for croup it has no equal. The children take it willingly," writes Mrs. C. O. Nesbit, Vandergrift, Pa.—(Advertisement)

OUR TOURISTS AGAIN WELCOME IN ENGLAND.

WAR RESTRICTIONS WITHDRAWN: PASSPORTS VISED FOR PLEASURE SEEKERS.

[EXCLUSIVE DISPATCH.]

WASHINGTON, Feb. 18.—Tourists and others traveling for recreation and pleasure are once more welcome in England. The restrictions made necessary by war conditions have been withdrawn and the British Embassy has advised the State Department that British consular officers are authorized to issue passports of such travelers as well as those who are going to Great Britain on official or commercial business or for other urgent reasons.

The moderation of war conditions which have released more ships for passenger use and brought about in England a more normal state of affairs, it was explained at the embassy yesterday, made possible the removal of the restriction on tourist travel, a fortnight ago. Space is still at a premium on trans-Atlantic steamers, rationing in England has not yet been entirely done away with and hotels are still crowded, but the general situation has improved sufficiently to warrant the return by Great Britain to the former policy of open door. Americans again may visit England and stay as long as they like.

**LAND, HOMES, MONEY. ASKED FOR EX-SOLDIER.**

[BY A. P. NIGHT WIRE.]

WASHINGTON, Feb. 18.—Land settlement in all States for former service men, Federal aid to encourage their purchase of either rural or city homes, vocational education and adjustment of compensation based on length of service, were recommended today by the Legislative Committee of the American Legion, which has been in session here three days.

Each veteran would be given an option of one of the four plans. "The American Legion," said the statement, "has waited in vain for Congress to relieve the financial disadvantages of ex-service men and women incidental to their military service, and is quite confident that, although Congress has not yet acted on this matter, it is actually playing fair with ex-service men and women, as they always have, and will play fair with the government."

"The American Legion again recommends strongly to Congress legislation embodying the optional features of land settlement, home aid, vocational training or an adjustment of compensation, and now does not hesitate to state that it expects definite action within the next sixty days."

**SINGER TO REST.**

Mme. Schumann-Heink Overcomes Her Strength at Rectal Here.

[BY A. P. NIGHT WIRE.]

SAN DIEGO, Feb. 18.—Under the advice of her physician, Mme. Schumann-Heink has cancelled her immediate concert engagements and will not sing in public for a period of seven or eight weeks, according to members of the family this afternoon.

The singer only recently recovered from a serious attack of pneumonia, and last Saturday appeared in a recital in Los Angeles. This effort, it is stated, proved such a strain on her strength that her physician strongly urged that all engagements for a period of several weeks be cancelled. During this period, it is said, she will be given absolute rest, and even her mail will be delivered by hand.

Although compelled to cancel her immediate engagements, the singer, members of the family say, has not suffered a relapse and needs only to regain her strength to again appear in public.

**NATION-WIDE BUILDING IN 1920 SIX BILLIONS.**

[BY A. P. NIGHT WIRE.]

CHICAGO, Feb. 18.—Building operations in the United States during 1920 will total \$4,000,000,000, a record, according to the Associated General Contractors, told that organization here today. About \$4,000,000,000 was spent last year on building, he said.

Building costs have risen from \$4 to \$20 per cent. since 1913, according to Franklin T. Miller, New York publisher, who addressed representatives of building trades and construction organizations attending the national conference on concrete house construction.

He attributed this advance to the demand for automobiles and other luxuries, asserting that these had drawn labor from the building industry and raised the cost of labor to such an extent that rentals had gone up in sympathy.

**CHILDREN'S COUGHS**

It may be checked, and more serious conditions prevented, by promptly giving the child a dose of

**PISO'S**

It has given Chamberlain's Cough Remedy to my five children on occasion without number for the past fifteen years. It is the only remedy I could rely upon to cure coughs and colds, and for croup it has no equal. The children take it willingly," writes Mrs. C. O. Nesbit, Vandergrift, Pa.—(Advertisement)

# The Famous GIBSON Mandolins and Guitars

Can Be Had Only at The Birkel Co.

The name "Gibson" means in the world of mandolins and guitars what the name "Steinway" means in the world of fine pianos.

Learn to Play The Steel Guitar

The plaintive sweetness of the Hawaiian Steel Guitar is unlike the music of any other instrument. Ideal accompaniment for the voice. Easy to play.

Steel Guitar Outfits for as Little as \$25.00 Including a Course of

FREE LESSONS by "Gabby"

NEW YORK LIKES  
WESTERN CHICKSCalifornia Poultry Finds Big  
Market in East.Toy Balloon Hunt Latest Fad  
of Winter Colony.Tells of Struggle for Democracy  
in China.

(LOCAL CORRESPONDENCE)

PASADENA, Feb. 18.—High prices for poultry will continue until next summer at least, according to A. Sils of New York City, proprietor of the largest poultry farm in the United States. Mr. Sils arrived today from the East and will spend the remainder of the season in Pasadena.

"California poultry is being shipped to the eastern markets in large quantities," said Mr. Sils today, "and is of unusually high grade. My company alone is taking 40,000 pounds of California poultry a week. Most of the shipments are made up of squabs, chickens and ducks. Young birds cannot be obtained in the East during the winter. Owing to the laws of this country, which prohibit the sale of domestic game, we have to import from Europe most of the game for domestic consumption. In three shipments that we recently received from London there were 300,000 pounds of venison. It comes from private preserves."

Speaking of poultry quotations, Mr. Sils states that he does not anticipate any changes before July, when he believes conditions will force a reduction. One reason that he assigns for the expected change will be because of an increased supply, and another because of the poultry exportations to Europe having ceased because of the high rates of exchange.

LADY GRAY IS NURSE. Pledging by her vows to alleviate suffering and to give the remnants of her life to the service of humanity, Lady Helen Gray of London, a member of the Order of the Gray Ladies, is now serving as a volunteer nurse at the Red Cross emergency hospital. One reason that she assigns for the expected change will be because of an increased supply, and another because of the poultry exportations to Europe having ceased because of the high rates of exchange.

SHOOT TOY BALLOONS. Shooting toy balloons with .12-caliber rifles is the latest feminine fad at Hotel Huntington, where the guests spend much of their time on the golf course, shooting at the balloons. Among the girls taking part in the shooting are Miss Charles, line Stock of Pittsburgh, Ann Hamilton of Columbus, O.; Mrs. Ralph Wonders of New York, the Misses Margaret and Catherine McCool of Brooklyn; Augusta Redley of Pittsburgh; Eleanor Lyman, Kingston, Ont., and Florence Kelly of Brooklyn.

ELKS TO CELEBRATE. Pasadena lodge of Elks will burn a \$55,000 mortgage on its West Colorado street clubhouse on the evening of March 17. The lodge is at work to make the occasion a real night in the history of the lodge.

HAS STRANGE HOBBY. A. C. Burrage, wealthy New York visitor, who is spending the winter in Southern California, and who is now a guest at a local hotel, can lay claim to being one of the most consistent hobby followers in the country. Mr. Burrage for more than score of years has been collecting the ore specimens, particularly gold-bearing rock. He has the largest private collection of ore specimens in the country.

THE RISE AND STRUGGLE OF THE democratic spirit in China was described today by Sidney Gamble of Pasadena, who has just returned from the Far East, where for three years he was engaged in making a social survey in Peking for the Y.M.C.A. "America should foster the growth of democracy in China," declared Mr. Gamble, "especially for the preservation of peace on the Pacific. It is necessary that the United States adopt a policy towards China that will afford that nation protection from other nations until China gains strength and can help herself."

Plenty of room to park your car and shop here in comfort. Tens of thousands of fine home furnishings at close-margin prices. See our choice assortment and let us help plan your home. Pasadena Furniture Co., Raymond and Holly, Pasadena.—[Advertisement.]

TEMPERAMENTAL FEA ACTORS, that for two days refused to act because their "own town" was not on the grounds at Prager Park, where the Wortham shows are exhibiting under the auspices of the Intersect council of the American Legion, called off their strike last night and drew a large audience for three hours.

The fella really do act and their acting as amusing. They do all kinds of little stunts. Two of the work tandem in hauling a miniature brass cannon around on a table. Another furnishes the motive power to turn merry-go-rounds that weigh 1,000 times as much as the fella. Another is a juggler of no mean ability and he handles a small meerkat ball with ease. In the ballroom scene a dozen fella, all dressed up, dance to music. The show is presented by John Eubel, a Swiss trainer. Every fella has a gold wire around his neck and by means of this the director is able to handle them. He has 300 fella in his collection.

Last night was the biggest since the carnival opened.

HEALERS ORGANIZE. Chiropractors Elect Officers and Rap Prosecution of Hubley.

The resident alumni of the Palmer School of Chiropractic meeting at the home of Prof. Harold Walberg and his wife, Dr. Geneva Walberg, who organized the Los Angeles County Chiropractors Association with Edwin S. Douthett, president; E. C. Fortin, vice-president; Dr. H. Parsons, secretary; Dr. Douthett, treasurer; and Dr. E. B. Hubley, C. E. Hafner, C. E. Parsons, Geneva Walberg, E. D. Patterson, Ben Bolt and Francis F. Pyott.

The new organization endorsed the chiropractic initiative measure which it is proposed shall be submitted in November. Resolutions criticizing the recent prosecution and conviction of Dr. E. B. Hubley were adopted.

An interesting programme of readings and music, both violin and piano, was given.

SUPPORT UNIVERSITY PLANS. The City Council yesterday, through resolutions presented by Councilman Langdon and seconded by Councilman Conway—both former students at the University of Southern California—went on record as endorsing the expansion programme for this institution for obtaining \$5,000,000 to meet the immediate needs of its work and equipment. Members of the Council stated that they are in favor of any movement which has for its object the creation of a great educational center in Los Angeles.

FOR BURROUGHS. Plans for the entertainment of John Burroughs, the naturalist, who will be the guest of the Gamut Club, Friday, February 27, were discussed at the smoker given in the club rooms last night. A number of the members of the club are preparing a series of short articles gathered from the books by Dr. Burroughs; these will be read at the dinner. Several of the members of the club sang solos and there were songs by an impromptu trio and others by a quartette. Several pianists played. Refreshments were served.

FT. WAYNE PICNIC. The Ft. Wayne Society will hold a picnic in Hollenbeck Park, Saturday. Bring lunch and cups, coffee and cream served to all. Should weather be inclement the picnic will be held at the same place a week later.

VOL. XXXIX.  
WILL WELCOME  
FOR RED EMMA  
Who Dumped Goldma  
on Finland Returns Here.  
Famous Trip of the

**"Buford" with Deports.**  
—•—  
**Save Them, Under Guard,  
on Way Across Snow.**

Emma Goldman, high priestess of anarchy, Alexander Berkman, her lieutenant, and 237 other detainees who made the famous voyage from America on army transport Buford, got a reception—literally and figuratively—at their destination, according to George Webb, immigration inspector at Campo, who re-

here yesterday from the waters of Finland. To those shores he, with nine others, a guard of thirty soldiers, accompanied by the Red Cross, took them ashore at Hangö, a fishing town on the Finnish coast. The inhabitants rescued the man from the Finns, and he was expedited their departure on the Russian border with real honor. F. W. Berkshire, supervising officer of immigration at El Paso, Tex., said that the party arrived December 31, 1917. The Buford Barker, January 18, and from the reports were escorted to the United States by the Border Guard by a platoon of Finnish soldiers on route." said Mr. Berk-  
shire "and neither Berk-  
shire nor the German woman attempted  
any harranguing, for the bene-

the outbound trip the bus was escorted from the English coast by a British customs and revenue cutter, and on the way accompanied them to Antwerp. The passengers and the transport were free for home.

Regarding general conditions in Belgium, Inspector Webb said he saw no signs of deprivation of food anywhere. The people were happy and prices were low. There was no rationing in one of the finest countries in Europe. He said he had seen a party of five of us get into a restaurant for lunch. "You can't duplicate that in Russia," he said.

He seemed to be an air of content and happiness in his remarks everywhere. Of course he got far into the interior of Belgium, where there was no rationing in Brussels and Antwerp. Everybody was well dressed and he had no reason to believe the people over there.

AUTO THIEVES GARNER FOUR.

Four autos fell into the clutches of thieves yesterday, as follows: Studebaker touring, black, 235591; special built 1919 roadster, black, 484651; Overland 1919 roadster, green, 61887, and Oakland 1919 touring, green, 578220.

Anyone seeing any of these cars will please telephone Auto Theft Bureau of Southern California Auto Club or to police headquarters.

BASEBALL PRACTICE TO BEGIN AT U. OF S. C.

Baseball practice will start at the University of Southern California next week, according to an announcement by Manager Henry Bruce yesterday. Coach "Gloomy" Gus Henderson, who will handle the squad, has arranged for a series of interfraternity games to start the season.

SQUASH PLAYERS ENTER BIG TOURNEY.

Fifteen ambitious squash players have entered the tourney being promoted at the L.A.A.C. by Athletic Manager Charles Keppen. Drawings will be made the latter part of this week, according to Keppen.

POSTPONE TOURNEY.

The casting tournament of the Los Angeles Fly and Ball Club, scheduled for next Sunday at Lincoln Park, has been postponed a week, Secretary Lane announced yesterday.

SUNDAY BALL GAME.

The Lamanda Park ball club will meet the fast Anaheim Merchants team at Anaheim next Sunday afternoon, according to Joe Pirone, who does the booking for both teams.

IDEAL FIELD FOR ATHLETES

Pasadena may Get Staging of Olympic Tryouts.

Tournament Park Fine Site for the Big Event.

Name Committee to Figure Cost of Improvements.

Pasadena may be awarded the honor of staging the Pacific Coast track and field tryouts for the Olympic games in May of this year, and the national A.A.U. championships in 1921, according to Bob Weaver, president of the Southern Pacific branch of the A.A.U. All this is contingent on the building of a suitable track by the Crown City authorities.

They have the location—Tournament Park—and its 20,000 seating capacity. All that is necessary to put in a quarter-mile running track around the football field is to move a few sections of bleachers from one side and one end of the field.

TWO WITH ONE. In this way the Pasadena folks can kill two jacks with one shot—by moving the bleachers back they will have room to enlarge the seating capacity for the next East versus West football game, and also have a running track that will permit of the staging of championship affairs.

Bob Weaver met with the Pasadena Commissioners on Tuesday, and explained to them the Pacific Coast tryouts can be swung to Pasadena if suitable accommodations are provided.

TAKE UP TASK. The Commissioners asked the Tournament of Roses officials to take up the task, and a committee was named to ascertain what it will cost to move the football bleachers. The Pasadena has intended to build the track so that a portion of it would run around an end section of the bleachers, thus obscuring the runners for a time from the spectators. Weaver suggested the moving of the bleachers as more practical.

A decision in the matter will be made soon, says Weaver, as the tryouts will have to be held early in May.

CINCINNATI PLAYERS SLOW WITH THE PEN.

(EXCLUSIVE DISPATCH.) CINCINNATI (O.) Feb. 18.—Three of the Red world-champion stars, Heinie Groh, captain; Rod Eller, star hurler; and Eddie Roush, premier slugger and center fielder, did not attach their signatures to contracts to play with the champions this coming season. They had the chance to affix their signatures yesterday, but refused to do so. Groh left Cincinnati for Rochester, N. Y., saying that he would again run his pool and billiard hall there if he cannot arrange with the club management satisfactorily to himself.

Roush placed in the mail his unsigned contract mailed to him some days ago. It called for \$10,000 for the 1920 season. Besides the above, Wingo, Daubert, Kopf, Neale and Rutherford have not yet signed their contracts.

BROWN ESTABLISHES NEW SWIMMING MARK.

(BY A. P. NIGHT WIRE.) MINNEAPOLIS (Minn.) Feb. 18.—Officials of the Minneapolis Athletic Club today corrected a published announcement this morning that Clement Brown of the Chicago Athletic Association had broken the world's mile swimming record by making the distance in 23m. 3 3/4s.

The three-timers at the Central A.A.U. swimming meeting at the M.A.C. last night fixed Brown's time for the mile at 23m. 23 3/4s., which is said to establish a new A.A.U. record.

TENNIS LEAGUE CUT INTO TWO SECTIONS.

Frank Smith, president of the Los Angeles County Tennis League, has divided the sixteen teams in the league into two sections, both of which will start play on Sunday, February 22.

The composition of the sections is as follows: No. 1—Dyas, Hollywood, San Pedro, Echo, Exposition, Pointsettia, Realty and Japs; No. 2—Estrella, Glendale, Venice, Eycamore, Fishers, Occidental, Demons and Independents.

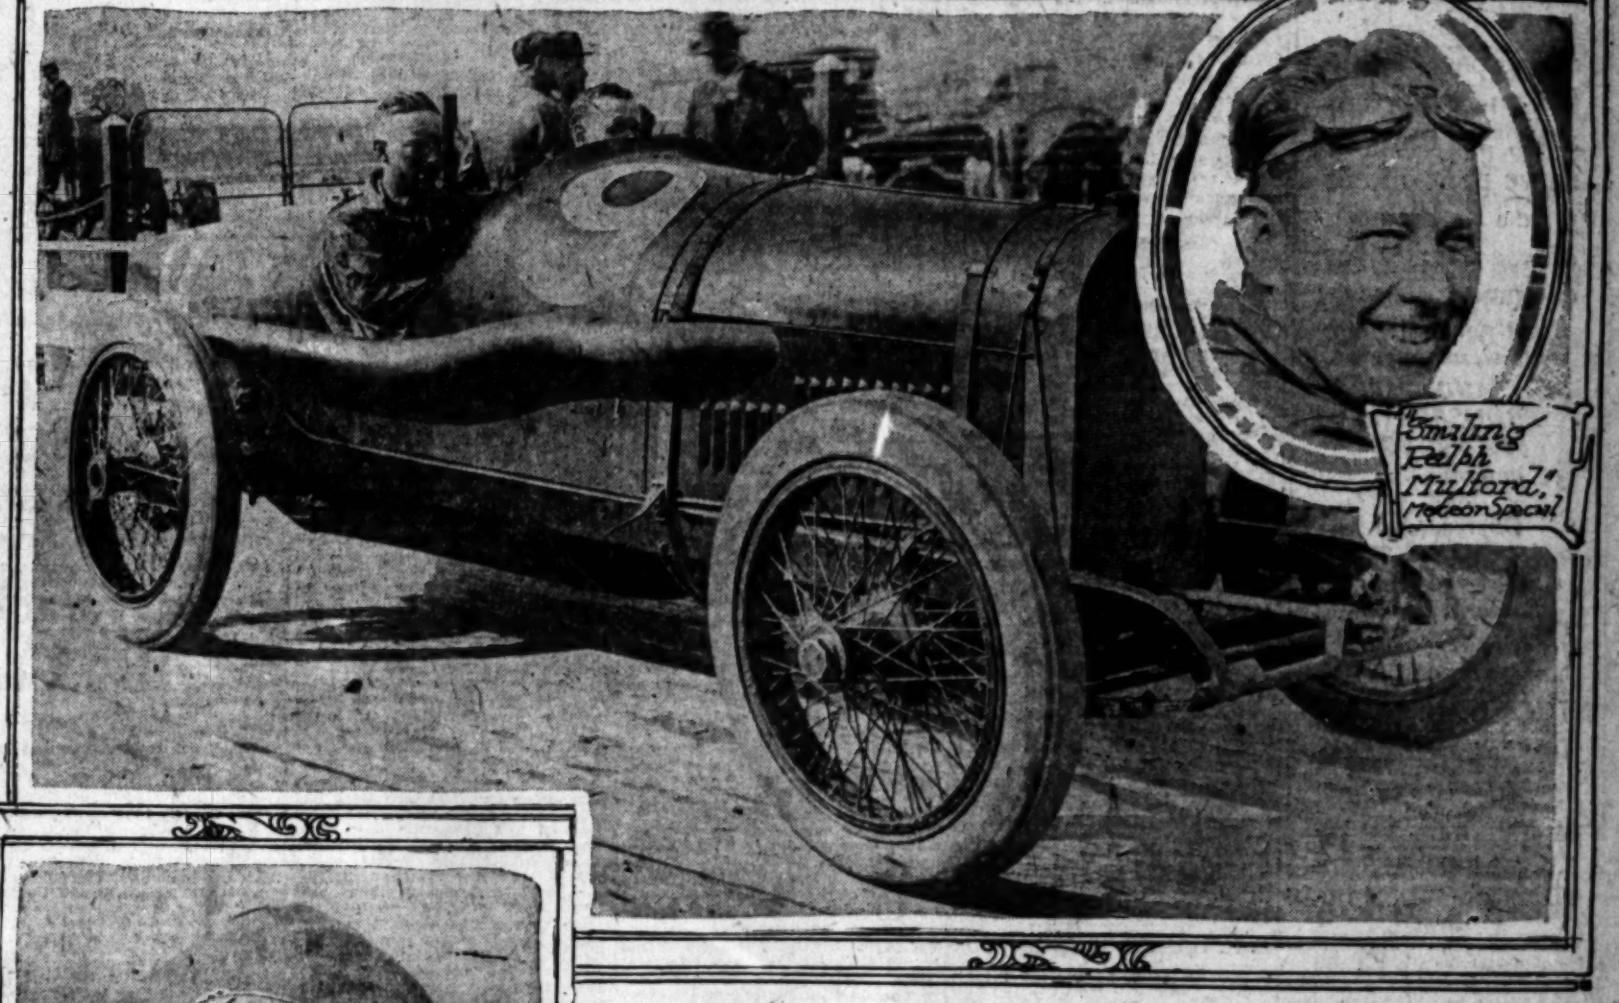

McGOWAN VICTOR IN SKATING CONTESTS.

(BY A. P. NIGHT WIRE.) LAKE PLACID (N. Y.) Feb. 18.—Everett McGowan of St. Paul won the one-mile senior race, the principal event in the opening day's programme of the "international amateur speed skating championship" here today. His time was 3m. 23 3/4s. Roy McWhirter of Chicago finished second and M. Goodwin third.

HONKY-KONKS TO PLAY.

The Vernon baseball park will be the scene of the game next Sunday afternoon between the Honky-Konks and the Stahl & Dean teams, two of the fastest semipro organizations in the south.

Making Automobiles Go Fast is the Best Thing They Do.

DE PALMA FAIRLY BURNS UP SPEEDWAY.

Turns Beverly Hills Auto Course in Close to World's Record Time.

Ralph de Palma yesterday re-established himself in popular favor as one of the real contenders in Saturday's \$25,000 stake at the new Beverly Hills Speedway.

The nervy Italian, plotting his beautiful imported Ballot, circled the course at a speed of around 112 miles an hour—within less than a second of the track-and-world's record, according to the stop watches that caught him doing the mile and a quarter in 40.1.

On the day previous, in qualifying for Saturday's event, De Palma was unable to do a lap in better than forty-six seconds—slow time when compared to the records of Milton, Mulford, Murphy and several others. But it was another story when Ralph appeared for practice yesterday; both car and driver were right, and the big Ballot delivered a sample of the tremendous speed accorded to it.

De Palma's reversal of form and a near-accident between Cliff Durant and Eddie O'Donnell featured the performance of the death defiers during the afternoon. The latter pair hooked up in a spirited speed duel, and gave the big crowd present a foretaste of what will probably prevail all through Saturday's 250-mile event.

NEARLY A CRASH. The Chevrolet pilot and the Hudson skipper swung into the turn together at a speed well over the hundred-mile mark, and for a second it looked as though a crash was imminent. But neither man faltered, and kept their cars steady until they were straightened out again.

Elimination trials will end today, with the expected appearance of Eddie Hearne, Eddie O'Donnell, Joe Thomas and two others. The cars in the White stable—the Delage and the Duesenberg-motored White Special—will not arrive here until Friday, so they will be given a special trial against the stop watches.

CALIFORNIA CUBS TO CLASH WITH BULLDOGS.

(LOCAL CORRESPONDENCE.) REDLANDS, Feb. 18.—The basketball season for the University of Redlands will be brought to a close in Los Angeles tomorrow night when the Bulldogs clinch with the California Cubs on the Cubs' own floor. It will be the last conference game and the Bulldogs, unscathed by a defeat, hope to come out with clean slate although they realize that it will be the hardest game of the whole season.

JOPLIN BALL CLUB TO RETAIN FRANCHISE.

(BY A. P. NIGHT WIRE.) KANSAS CITY (Mo.) Feb. 18.—The Joplin baseball club will continue to hold its franchise in the Western League, it was decided late today at a meeting here of club owners of the league. This announcement was made by A. B. Tarsney, president of the association. Denver will not be admitted in the league, he added.

MRS. BUNDY IN TOURNEY.

Entries for the annual midwinter tennis tourney, which will be held on the Beverly Hills courts on February 21, 22 and 23, will close tonight, according to an announcement by the tournament committee yesterday. Drawings will be announced tomorrow morning.

Fifty players have sent in their entries for the men's singles, fifteen for the women's singles, twenty teams have entered the men's doubles event, eight the women's doubles and eight the mixed doubles.

FLASHES FROM THE SPEEDWAY.

BY JACK GRIFFIN.

Cliff Durant's last fond hopes of seeing his latest mechanical masterpiece, the Chevrolet Baby, in action Saturday were dissipated last night with the final announcement of his engineers that the little car could not possibly be made sufficiently ready in the short time intervening to justify sending it against the clever competition it would be called on to face.

Durant's first move on learning this definitely was to release Eddie Pullen from his contract to pilot the Baby in the \$25,000 event. Pullen, in turn, moved rapidly and engaged to drive the Richards Special, entered by W. W. Brown. Both Brown and Pullen qualified the car Tuesday afternoon, each swinging the speedway in 43.4s., at the rate of 103.65 miles an hour.

Pullen will have the full support of the Chevrolet following behind him, as well as that of a large portion of the unattached local speed enthusiasts. Eddie has always been a popular driver here. For one thing, he never quits until the car he is handling gives its last gasoline gasp; Eddie is one of the heavy-foot brigade—the kind that is always welcome, from a grand stand viewpoint.

With the elimination of the Chevrolet Baby, all chance of a 183 cubic inch car starting in Saturday's classic was lost. The little machine was designed by Durant to meet the new speedway conditions in regard to motor size that will be inaugurated at Indianapolis in May and prevail for at least the rest of the season. It was Durant's idea to test

FLASHES FROM THE SPEEDWAY.

BY JACK GRIFFIN.

his miniature whirlwind under the most strenuous conditions—hard driving Pullen in a field of larger and supposedly faster cars.

Welcome news at the speedway yesterday was that of the rapid recovery from serious illness of Louis and Gaston Chevrolet, the two famous brothers who have contributed so much to American automobile racing history.

The Chevrolets tangled with Mr. Fin in Indianapolis about ten days ago, and from then until yesterday they were up against tougher competition than either had ever met on a race track. A wire yesterday to Frank Lowry contained the news that the red flag—which on the speedway denotes a clear course—was again waving for them, all of which was welcome to their many friends here.

Announcement has been made by Chairman Kennedy and Red Lowry of a drivers' meeting to be held tonight at 8 o'clock, the Athletic Club being the scene of action.

Jimmy Appleby will be among the missing at the track when the \$25,000 field lines up to face Starter Lowry.

The popular local Chevrolet branch manager, who formerly guided the racing destinies of Bob Burman, suffered a serious injury in an automobile crash Sunday, and will be operated on at the hospital today. Appleby was scheduled to handle the Chevrolet hit, and his enforced absence puts Cliff Durant under a handicap in the matter of direction and teamwork from the side lines.

At the Vanderbilt, as at 11 more of New York's 14 leading hotels, Fatima is the largest-selling cigarette—and its moderate cost is certainly not the reason.

## Give Out Dates for the International Athletic Carnival.

OLYMPIC GAMES  
DATA RECEIVED.Belgian Committee Answers  
Long Questionnaire.Dates Given of Leading  
Branches of Competition.United States Team Still  
Without Quarters.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 18.—The first  
official programme of the Olympic  
games to be held in Belgium this  
summer reached the American  
Olympic Committee here today. The  
data included the programme, special  
booklets on swimming and other  
sports and a lengthy answer to a  
questionnaire forwarded to the  
Belgian committee some weeks ago.

The track will be approximately  
440 yards in circumference and will  
not be equipped with the usual 220-  
yard straightaway. In several  
events, such as the rowing races,  
which will be over a one and one-  
quarter-mile course, only one entry  
from each nation will be accepted.  
In a majority of the individual con-  
tests, the limit of entries will be six  
men or women with but four of the  
entrants allowed to start.

The American committee was in-  
formed that the efforts of that body  
to secure the Catholic preparatory  
school at Melle, near Ghent, as the  
residence and training quarters of  
the United States team, had proved  
unavailing and so far no quarters  
have been selected.

The dates of the leading branches  
of competition, with the number of  
events therein, number of entries,  
starters permitted, and the closing  
dates of entries, follow:

| Event             | Entries | Starters | Permitted | Closing Date |
|-------------------|---------|----------|-----------|--------------|
| Track             | 100     | 50       | 50        | July 14      |
| Field             | 100     | 50       | 50        | July 14      |
| Swimming          | 100     | 50       | 50        | July 14      |
| Rowing            | 100     | 50       | 50        | July 14      |
| Cycling           | 100     | 50       | 50        | July 14      |
| Canoeing          | 100     | 50       | 50        | July 14      |
| Boxing            | 100     | 50       | 50        | July 14      |

E. R. BAKER SWINGS  
A VERY NIFTY CUE.

A three-cushion billiard handicap  
tournament started yesterday at the  
Los Angeles Athletic Club. A sim-  
ilar tourney, concluded recently,  
was won by E. R. Baker, who de-  
feated C. A. Rosch in the final  
round by a score of 24 to 15.

The trustees work all night.

ESSICK QUIET,  
BUT FORCEFUL.

(Continued from First Page.)

quietly forceful, rather than open-  
ly aggressive. He would rather let  
a rival make the first move, but a  
slow and scrupulous reading that  
either on the ball field or in  
conversation. He thinks twice be-  
fore answering, and frequently sev-  
en or eight times. My first inter-  
view with Essick left me with the  
impression that he was rather dull.  
However, he was merely making  
a mental appraisal of the inter-  
viewer. He takes his own time  
in forming conclusions about per-  
sons and courses of action. Never  
has he been known to make a hasty  
statement. He has an ideal tem-  
perament for a banker, or confidant  
of big business. Under this exte-  
rior of thick silence there is tre-  
mendous latent force, and when  
released it is irresistible.

## RED ANTITHESIS.

In some ways, Killifer is the an-  
tithesis of Essick. Both, however,  
are identical in that they know  
baseball from B to Y. Killifer is  
more transparently direct than Es-  
sick. He reaches decisions more  
quickly, and is as sure of his aim  
as a man who shoots from the hip.  
Killifer is a fast worker, without  
being impulsive, at least not to the  
point of allowing it to interfere  
with his judgment. Like Essick, he  
seems immune to discouragement.  
Both are game to the marrow.  
Walter McCredie, dean of Coast  
managers, tops the list with five  
flags. His last championship, how-  
ever, was won back in 1914. Since  
then he has not been able to du-  
PLICATE his earlier successes. It is  
claimed by some that he has been  
handicapped in recent years by low-  
salaried and disinterested players.  
Mac has little patience with players  
unless they show unusual promise,  
tends to sour in adversity and as-  
sumes a "don't-give-a-damn" atti-  
tude when things are breaking bad.  
However, his ability to sense  
future greatness approximates instinct.  
He has developed and sent to the  
big leagues more good men than any  
other minor league manager.

## DEL IS PLEASANT.

Del Howard of the Oaks is one  
of the most pleasant men that can  
be met in baseball. Del formerly  
was what is technically known as a  
"joy ride" manager. He worked on  
the theory that occasional relaxa-  
tions for the athletes derived better  
results on the whole than arbitrary  
discipline. However, becoming  
part owner of a club is said to have  
given a touch of the adamant to a  
once amiable disposition, and also  
caused him to develop a flow of  
sarcasm on the bench, all of which  
seems very foreign to the Howard  
known to the press. Howard, like  
McCredie, is always good "copy,"  
and therefore popular with the  
baseball writers.

Aggressiveness is not an outstand-  
ing characteristic of Howard or his  
transbay rival, Charley Graham.  
Graham quit a job teaching school—  
relinquished professorship—to enter  
professional baseball. However,  
neither teaching nor baseball are  
the professions for which he is best  
fitted. Graham is essentially and  
irrevocably a business man. Do  
not infer from this that he doesn't  
know baseball. He knows it like  
the National Commission knows the  
rule book. And he was a crack  
player in his day.

LIFE STORY OF  
JACK DEMPSEY.

(Continued from First Page.)

butressed bungalow, at 270 Cen-  
ter street, and he assured it was  
not the casual one over, but a  
slow and scrupulous reading that  
either on the ball field or in  
conversation. He thinks twice be-  
fore answering, and frequently sev-  
en or eight times. My first inter-  
view with Essick left me with the  
impression that he was rather dull.  
However, he was merely making  
a mental appraisal of the inter-  
viewer. He takes his own time  
in forming conclusions about per-  
sons and courses of action. Never  
has he been known to make a hasty  
statement. He has an ideal tem-  
perament for a banker, or confidant  
of big business. Under this exte-  
rior of thick silence there is tre-  
mendous latent force, and when  
released it is irresistible.

But Sister Florence did final-  
ly consent to talk, because the  
Jack theme is irresistible to any  
Dempsey from the cradle to tot-  
tering age.

It had been a big family, she  
beamed, but never so far as the  
know, an especially notable speci-  
men of physical progress in it un-  
til the Jack came. There had  
been three children in all, but  
three were dead now. The living  
were brother Bernard, aged 22,  
the miner of silver, who thought  
maybe copper and silver, who lives  
in Eureka, Utah. Then there was  
brother Joe, who is 23, and drives  
a taxi in Salt Lake City, and who  
has had a good deal of sickness in  
his life; and Johnnie, who is 25  
and whom the family calls "Little  
Jack." And William Harrison, who  
is 24, and whom the world calls  
Jack Dempsey, but whom the fam-  
ily thinks of as "big Jack."

Then the girls—there was Emma,  
who had been Mrs. Clark, but was  
now Mrs. William Barrow, and who  
lived on the little farm four miles  
east of Salt Lake City, that Jack  
gave mother after his fight with  
Fulton, and next came Miss Flo-  
rence herself, who, like Emma, had  
been born in Logan county, West  
Virginia, and finally Elsie, of whom  
Florence, with a caressing note of  
the Irish voice, said:

"We call her the baby girl." She,  
like Jack the fighter, had been  
born in Manassas, Colo. So were  
Joe and Little Jack born there. Of  
the boys only Bernard was a West  
Virginian by birth. Of the three  
children who had died, two were  
girls, and all three were young, ex-  
cept Stella, who had died when she  
was about twenty.

All this sober family chronicle  
with its copious flow of names and  
dates and locations seemed to dis-  
pose of the Levantine Jew yarn  
about Jack Dempsey and of the  
mystery that some sport  
writers, less precise than willing,  
have tried to build up about him.  
That is the reason I write it all  
down with a good deal of care.

One of the tragic events in the  
family's history that Florence  
Dempsey did not refer to—prob-  
ably because it might become a  
source of misrepresentation—was  
the murder of the brother, Steve.  
He was stabbed to death in Creek-  
town about four years ago. It was  
a brawl. The man knifed Steve  
and ran. The crime could have  
been justified would seem to be  
proved by the fact that the man  
is now in prison for life.

Florence told me she was a  
Catholic, adding: "But the rest of

## BIG TRACK MEET APRIL 17.

(EXCLUSIVE DISPATCH.)

STANFORD UNIVERSITY, Feb.  
18.—The annual intercollegiate track  
meet between Stanford and the Uni-  
versity of California will take place  
on April 17, instead of April 24, as  
was originally scheduled. It will be  
held on the Berkeley oval.

Track at Stanford takes on an  
added interest this year, as a Stan-  
ford win over U. of C. will mean  
an eighth consecutive victory. The  
Cardinal team will be coached by  
Harry Maloney. Maloney will be  
assisted by "Dad" Moulton. Willard  
B. Jess is skipper of the varsity.  
Stanford will be strong in the  
sprints this season. An aggregation  
of sprinters, consisting of Wells,  
Kirksey, Pelouse, Lilly, Maynard and  
Davis is hard to beat.

From the present outlook, Stan-  
ford will be a little weak in the  
distance events. Westwick is a good  
the family don't belong to any  
church—not now.

Then we got back to the older  
generation, and when I asked her  
how her mother, after long and  
weary struggles, will be poverty and  
a big family, took the big news  
from Toledo last Fourth of July,  
she began to laugh and said: "She  
was tickled to death. You sure  
couldn't hold her down with a forty-  
mule team that night. Father was  
tickled to death, too."

ALL STARS SUBMERGE  
SUB BASEBALL TEAM.

Pirrone's All Stars defeated the  
Sub Base baseball team by a score  
of 7 to 5 in a snappy game yester-  
day afternoon. Blenkins, outfield-  
er for the All Stars, who has been  
recommended to Manager Red Kil-  
ler of the Angels for a trial, fea-  
tured with two home runs and a  
single out of four times at bat. Rego  
and Rafus of the Sub Base team  
also knocked homers. The sum-  
mary:

All Stars, 7; hits, 8; errors, 2.  
Sub Base, 5; hits, 8; errors, 2.

Batteries—Pirrone and Adams; Harris, Roberts, Rogers and Rego.

PADDOCK FAILS AT  
THE INDOOR MEET.

Charley Paddock, U.S.C.'s crack  
sprinter, will return from New York  
today, where he recently partici-  
pated in the Milrose A.C. indoor  
track meet.

The best Paddock could do in the  
indoor meet, which was entirely  
new to him, was to take a third in  
the 70-yard dash. He is credited  
with having the speed, but un-  
familiarity with a board track was  
too much of a handicap.

COLON KILBY WILL  
GO AGAINST TIGERS.

Despite previous announcements  
that he would be unable to com-  
pete on the Occidental-Redlands  
track meet on next Saturday be-  
cause of a strained tendon, it was  
announced yesterday that Colon  
Kilby, the crack Redlands quarter-  
miler, will be seen in action against  
the Tigers.

milner and two-miler and can be  
counted on to place.  
The 440-yard event will see Scho-  
field, Pelouse, Wright and Hertel in  
action. Schofield finished second  
last year and Wright ran in the re-  
lay. Pelouse is a fast man in this  
race and Hertel may show improve-  
ment this year.

The loss of Coughy and Curcio  
in the field events puts a big crimp  
in the Stanford point column. How-  
ever, Green is good for 12 ft. 6 in. in  
the pole vault and a few points in  
the high jump and discus.  
"Dink" Templeton will take care  
of the high and broad jumps. "Dink"  
won the broad jump last year with a  
leap of 22 ft. 1 in., and placed  
second in the high jump. "Gene"  
Davis is a point winner in the broad  
jump. Gillespie, member of for-  
mer track squads, is expected to  
figure in the shot put and hammer  
throw this season.

Redlands Vs. Cubs Tonight.  
Redlands and the University of  
California Cubs will tangle in the  
final basketball clash of the con-  
ference on the latter's court tonight.  
The Cubs will have their regular  
line-up back in the game, and en-  
ertain hopes of handing the con-  
ference champs a beating.

bilize rates during the same six months' period, providing that prior to September 1 no rates may be reduced unless approval of the Interstate Commerce Commission is obtained.  
Before presentation of the conference report and the redrafted measure to the House, where it first was received, the section of the bill relative to wages was interpreted as establishing the pay of railroad employees at the level effective when the properties are returned. This interpretation, which later was found to be erroneous, led to hurried conferences among railroad labor leaders in Washington, dispatching of labor representatives to the capital to ascertain the exact provision of the measure, and to the calling of a conference for tonight of officials of the fourteen railroad unions with Samuel Gompers and Frank Morrison, president and secretary, respectively, of the American Federation of Labor.  
The labor leaders, on learning that an advance in wages was not precluded between March 1 and September 1 under the bill, generally expressed satisfaction with the provision against reduction of wages during the next six months.  
EXPECT ACTION SOON.  
Chairman Eash of the House managers announced today that the conference report would be taken up in the House Saturday, and Chairman Cummins of the Senate managers expects to call it up in the Senate at a later date.  
The outstanding points of the measure as finally agreed upon are:  
Compulsory submission of labor disputes to a permanent Federal board, appointed by the President and composed of nine members equally divided between the employees, employers and the public. No provision is made for enforcing the board's decision.  
Adjustment of rates by the Interstate Commerce Commission so as to yield carriers a return of 5% per cent., with another half of 1 per cent. for improvements.  
Distribution of half the net railway operating income increases, 5 per cent. of the property value, equally between the carriers' reserve fund and the Federal railroad contingent fund, which will be administered by the commission for the assistance of weaker roads.  
DEFICIT GUARANTEE.  
Government guarantee to railroads against a deficit during the first six months after the roads are turned back.  
Permanent consolidation of railroads, if approved by the Interstate Commerce Commission.  
Appropriation of \$500,000,000, to be used as revolving funds from which to make loans to carriers and pay claims growing out of Federal control. Unexpended funds now in the Railroad Administration hands are also reappropriated for that purpose and an appropriation of \$50,000 for the Federal Labor Board is provided.  
The labor section provides that "it shall be the duty of all carriers and their officers, employees and agents to exert every reasonable effort and adopt every available means to avoid any interruption to the operation of any carrier growing out of any dispute between the carrier and the employees or subordinate officials."  
Such dispute should, if possible, be decided by railroad boards of labor adjustment established by an agreement between the carriers concerned and the employees.  
The bill gives the railway board of labor appeals, which would be appointed by the President with the Senate's approval, power to investigate conditions surrounding a dispute and make a decision. Such decision, however, must be concurred in by at least five members, one of whom must be of the public group.  
Determination of the aggregate value of the property of the carrier for rate-making purposes is left to the Interstate Commerce Commission with the provision that it shall give to the property investment account of the carriers only that consideration which it is entitled to under the law in establishing values for rate-making purposes. When any carrier receives for any year a net railway operating income of excess of 6 per cent. of the value of its property, one-half of such excess goes to the carriers' reserve fund, while the rest goes to the Federal railroad contingent fund, which is to be used by the commission in making loans to railroads or for the purchase of transportation equipment or facilities and leasing the same to carriers.  
GREATER POWERS.  
The bill greatly widens the commission's powers and increases the membership from nine to eleven commissioners with an increase from \$10,000 to \$12,000 in annual salary.  
The commission's increased powers include the following:  
Supervision over the issuance of railroad securities, the commission's approval being required for a railroad to issue stock or bonds.  
Establishment of minimum rail rates, the commission to fix this time having had only power to establish maximum rates. This power will enable it to prevent a carrier from conducting "cut-throat competition."  
Authority to make such direction with respect to car service in times of emergency as will best promote the service in the public's interest.  
AS TO TERMINALS.  
Authority to compel the joint or common use of terminals to give direction for preference or priority in transportation, embargoes or movement of traffic, and penalties.  
Approval of new construction or abandonment of railroads.  
Complete control over railroad operation throughout the States.  
"In case of war or threatened war," the bill provides, would be centered in the commission, and it would have powers similar to those exercised by the Railroad Administration.  
In presenting the report, Senator Cummins served notice that he would call it up in the Senate immediately after the House acted on it.  
"It is probable the House will dispose of the report next Saturday," he said.  
Emphatic approval of the financial provisions of the railroad bill was given in statement by the National Association of Owners of Railroad Securities, which declared it "the most satisfactory programme of business legislation ever devised by a lawmaking body."  
Representatives of the investors, it is said, will make every effort through a campaign of public education to win support for the measure.

When you go back, check 'em thru to home address.

**L.A. Transfer Co. way**

Side-step baggage bother and worry through L. A. Transfer Company's direct checking system. It is the "workable way"—and there's no extra cost.

Show your ticket to our representative at your apartment, hotel or at our stand. Consolidated Ticket Office. Your baggage will go straight through to your home address without a hitch.

No other local transfer company is authorized to perform this valuable service for you. The fact that we are exclusively privileged by transportation companies to check direct is substantial evidence of our responsibility.

## TRANSMUTED ENERGY

that is what money is to all who work for it—brain energy transmuted into coin of the realm—  
wasted money, then, is wasted energy—  
money spent for which we do not get full value is energy that largely leaks away—  
money for which full value is received is energy efficiently used, but still used, we should remember—  
money saved, and earning interest, is conserved energy—  
conserved dynamic power that adds to itself—  
everyone produces a given amount of energy in a life-time—  
what do we do with it? waste it? fritter it away? use it? or conserve it?  
the human dynamo begins to slow up as its power increases.

This Bank provides a safe depository for conserved energy—MONEY SAVED.  
Four per cent interest, compounded semi-annually, is paid on Savings Deposits.

Investigate conditions surrounding a dispute and make a decision. Such decision, however, must be concurred in by at least five members, one of whom must be of the public group.

Determination of the aggregate value of the property of the carrier for rate-making purposes is left to the Interstate Commerce Commission with the provision that it shall give to the property investment account of the carriers only that consideration which it is entitled to under the law in establishing values for rate-making purposes.

When any carrier receives for any year a net railway operating income of excess of 6 per cent. of the value of its property, one-half of such excess goes to the carriers' reserve fund, while the rest goes to the Federal railroad contingent fund, which is to be used by the commission in making loans to railroads or for the purchase of transportation equipment or facilities and leasing the same to carriers.

GREATER POWERS.  
The bill greatly widens the commission's powers and increases the membership from nine to eleven commissioners with an increase from \$10,000 to \$12,000 in annual salary.

The commission's increased powers include the following:  
Supervision over the issuance of railroad securities, the commission's approval being required for a railroad to issue stock or bonds.

Establishment of minimum rail rates, the commission to fix this time having had only power to establish maximum rates. This power will enable it to prevent a carrier from conducting "cut-throat competition."

Authority to make such direction with respect to car service in times of emergency as will best promote the service in the public's interest.

AS TO TERMINALS.  
Authority to compel the joint or common use of terminals to give direction for preference or priority in transportation, embargoes or movement of traffic, and penalties.

Approval of new construction or abandonment of railroads.  
Complete control over railroad operation throughout the States.

"In case of war or threatened war," the bill provides, would be centered in the commission, and it would have powers similar to those exercised by the Railroad Administration.

In presenting the report, Senator Cummins served notice that he would call it up in the Senate immediately after the House acted on it.

"It is probable the House will dispose of the report next Saturday," he said.

Emphatic approval of the financial provisions of the railroad bill was given in statement by the National Association of Owners of Railroad Securities, which declared it "the most satisfactory programme of business legislation ever devised by a lawmaking body."

Representatives of the investors, it is said, will make every effort through a campaign of public education to win support for the measure.

**FOR SEWER WORK.**  
Action Taken by Council on Number of Improvement Projects.

The assessment district for the sewerage of Fourth street, San Pedro, between Electric avenue and Moss street, was adopted by the City Council yesterday. The Council confirmed the assessment for the improvement of Mayberry street, between Mohawk and McCullum streets.

Hearing on protests against the improvement of Seaside avenue, Terminal Island, was set for February 25. On the same date protests against the construction of a second sewer in Clanton street will be heard.

Protests against the improvement of Oakwood street, between Serrano and Oxford; and Third street, between Western and Norton avenues, will be heard by Council on March 10. A protest against the improvement of Twenty-third street, from Main street to Grand avenue, was sustained and the proceedings were abandoned. The Council ordered the preparation of the ordinance of intention for the improvement of Berendo street, from Eighth to Ninth streets.

**HELD AS FORGER.**  
Charge Under State Poison Law Also Preferred Against Prisoner.

Charged with forgery and with violating the State Poison Law, William A. Palso, 21 years of age, of 217 South Figueroa street, was arrested yesterday by Police Detectives McCaleb, Payton and Cato. According to the arresting officers Palso passed about twenty checks, totaling approximately \$200, on various business houses in the downtown district. All the checks were returned worthless. It is said a quantity of drugs were discovered by the police officers when they searched Palso's room following his arrest.

**BURGULARY HOODOO.**  
John Peppas was found guilty in Judge Craig's court yesterday of second degree burglary of the residence of Harry Gove, 114 East Tenth street on January 31. He will appear for sentence tomorrow. This is the second time the place was burglarized, both intruders being caught.

**DEMONSTRATION COAL MINING IS PROPOSED.**  
(BY A. P. NIGHT WIRE.)  
NEW YORK, Feb. 18.—A plea for "demonstration coal mines" along the same lines as demonstration

farms maintained by the U. S. Department of Agriculture was made before the one hundred and twenty-first annual meeting of the American Institute of Mining and Metallurgical Engineers here today by J. J. Rutledge of the U. S. Bureau of Mines.

Immediate creation of a permanent general coal commission was advocated by Eugene McLaughlin, president of the Union Colliery Company of St. Louis, another speaker. It should consist, he said, of seven members, one representing the mine operators, one of the mine workers, two competent accredited mining engineers, three representatives of the public, each with equal vote.

When the fire that "can't happen" actually happens, you won't need to worry if your place is equipped with Grinnell Automatic Sprinklers, for when the fire starts the water starts!

Grinnell Sprinklers protect your property and your workers' lives. And they pay for themselves by reducing your insurance premium. Ask your own insurance broker.

Whenever you need Pipe Fittings or Steam Fitter Supplies, let us serve you. The Grinnell Co. has everything you can depend upon absolutely.

Investigate conditions surrounding a dispute and make a decision. Such decision, however, must be concurred in by at least five members, one of whom must be of the public group.

Determination of the aggregate value of the property of the carrier for rate-making purposes is left to the Interstate Commerce Commission with the provision that it shall give to the property investment account of the carriers only that consideration which it is entitled to under the law in establishing values for rate-making purposes.

When any carrier receives for any year a net railway operating income of excess of 6 per cent. of the value of its property, one-half of such excess goes to the carriers' reserve fund, while the rest goes to the Federal railroad contingent fund, which is to be used by the commission in making loans to railroads or for the purchase of transportation equipment or facilities and leasing the same to carriers.

GREATER POWERS.  
The bill greatly widens the commission's powers and increases the membership from nine to eleven commissioners with an increase from \$10,000 to \$12,000 in annual salary.

The commission's increased powers include the following:  
Supervision over the issuance of railroad securities, the commission's approval being required for a railroad to issue stock or bonds.

Establishment of minimum rail rates, the commission to fix this time having had only power to establish maximum rates. This power will enable it to prevent a carrier from conducting "cut-throat competition."

Authority to make such direction with respect to car service in times of emergency as will best promote the service in the public's interest.

AS TO TERMINALS.  
Authority to compel the joint or common use of terminals to give direction for preference or priority in transportation, embargoes or movement of traffic, and penalties.

Approval of new construction or abandonment of railroads.  
Complete control over railroad operation throughout the States.

"In case of war or threatened war," the bill provides, would be centered in the commission, and it would have powers similar to those exercised by the Railroad Administration.

In presenting the report, Senator Cummins served notice that he would call it up in the Senate immediately after the House acted on it.

"It is probable the House will dispose of the report next Saturday," he said.

Emphatic approval of the financial provisions of the railroad bill was given in statement by the National Association of Owners of Railroad Securities, which declared it "the most satisfactory programme of business legislation ever devised by a lawmaking body."

Representatives of the investors, it is said, will make every effort through a campaign of public education to win support for the measure.

**FOR SEWER WORK.**  
Action Taken by Council on Number of Improvement Projects.

The assessment district for the sewerage of Fourth street, San Pedro, between Electric avenue and Moss street, was adopted by the City Council yesterday. The Council confirmed the assessment for the improvement of Mayberry street, between Mohawk and McCullum streets.

Hearing on protests against the improvement of Seaside avenue, Terminal Island, was set for February 25. On the same date protests against the construction of a second sewer in Clanton street will be heard.

Protests against the improvement of Oakwood street, between Serrano and Oxford; and Third street, between Western and Norton avenues, will be heard by Council on March 10. A protest against the improvement of Twenty-third street, from Main street to Grand avenue, was sustained and the proceedings were abandoned. The Council ordered the preparation of the ordinance of intention for the improvement of Berendo street, from Eighth to Ninth streets.
